I can send them Monday. I have some more updated files.

Mike has all scanned maps though

Hello Mike:

The EPA has been using the model for years to facilitate investigations of the mines above Silverton, but they do not have a complete set of the files forming the model. Can you provide these? Kirstin is currently out-of-town.

The technical person at EPA to get the files to is:

Marty McComb
mccomb.martin@epa.gov
mobile: 720-413-9190
office: 303-312-6963

He can facilitate ftp transfer or whatever works best.

thanks Mike, Allen
